## Shelby County Pantry Pals

Shelby County Pantry Pals is a new project for Shelby County that is being launched in support of basic human needs.

The overall purpose of this project is to engage the county in this human interest endeavor with shared commitment that will lead to a successful and sustainable annual food drive for our county pantries and ultimately the well-being of our society.

Shelby County Pantry Pals has been organized by a group of concerned local citizens in the county concerned about the severe shortage of food supplies that the local food pantries have been facing for the past several years. They have had several planning meetings and have adopted this mission statement:

**Shelby County Pantry Pal's mission is "To engage Shelby County in providing area food pantries with the necessary annual resources to fulfill their food supply needs."**
